Background

National Statistical System

National Statistical System

Centralized System

 Almost all statistics produced by one statistical agency

Decentralized System

 There are lots of agencies which produce official statistics in order to meet their own needs

KOREA

about 390 agencies

over **900** types of statistics

Why built KOSIS?

Amount of Data in KOSIS

□ Statistics which KOSIS holds

Year	2007	2008	2009	2010	2011	2012	2013
# of Agencies	38	65	107	116	114	117	122
# of types of statistics	217	297	412	501	486	530	546

^{• 68,715} statistical tables were provided as of Dec. 31, 2013.

☐ The proportion of Statistics in KOSIS over the Official Statistics

as of	Official	Stored In KOSIS?			
2013.12.31.	Statistics	Yes	No	Sub-regional Stat.	
# of types of stat.	922	546	376	315	
Proportion (%) 100		59.2	37.6	83.8	

Use of KOSIS

Year	2009	2010	2011	2012	2013
# of visitors (unit: thousand)	4,889	5,212	5,255	5,590	6,113
Page views (unit: thousand)	153,608	182,445	195,591	205,487	207,420
# of time series (unit: thousand)	206,755	222,661	236,289	249,792	257,924

Data Visualization

Data Visualization Overview

Homo Statisticus – your portrait based on stat.

Population Pyramid

인구추계교실

대한민국 인구 5천만명!

한국 인구는 2012년 6월 23일 5천만명을 넘었습니다. 한국인은 남자가 더 많은지 여자가 더 많은지, 어린이와 노인은 얼마나 되는지, 인구로 본 5천만 대한민국의 이야기, 이제 시작됩니다.

미래 한국의 인구는 어떤 모습인가요?

미래인구는 앞으로 몇 명의 아이들이 태어나고, 얼마나 오래 살게 될지, 그리고, 지역과 국경을 넘어 얼마나 많이 사람들이 이동하는지에 달려 있습니다. 장래 출산율, 기대수명, 그리고 국제이동에 대한 전망에 따라 어떻게 한국의 미래 인구가 변화하는지 2060년까지 29개의 대한민국 장래인구 시나리오, 지금 알아볼까요?

지금 우리 시도의 평균 연령은 얼마나 될까요? 앞으로 30년간 우리 시도의 인구는 어떻게 변화 될까요? 만약 인구이동이 없다면 우리 시도의 인구는 과연 어떻게 될까요? 우리 시도의 장래 인구도 볼 수 있습니다.

Webtoon (1)

- Webtoon Service
 - has been provided since June 2012
 - is released twice every month
 - has received good feedback from general users

☐ Samples of the webtoon service

Date	Subject	Used statistics
Mar. 20, '14	A new way to plan your itinerary	Survey on internet shopping users
Mar. 6, '14	My skin is important	# of days with yellow dust

Feb. 6, '14	Gold Queen rather than middle aged woman	Household income and expenditure
Jun. 20, '13	It's hot, way too hot	# of tropical nights

Webtoon (2)

Concluding Remarks

Concluding Remarks

- Unused statistics are lifeless
- More attention and focus should be put on

statistical dissemination

- ✓ Find a way to bring statistics to people more friendly
 - Visualization is a good tool
 - Tailored service is needed
- ☐ The most important goal of statistical dissemination is bring life to statistics.

Thank you for your listening and time

경청해주서서 감사합니다.
